

ATp (4769)

Wiring Diagram/Installation Instructions

BATTERY MUST BE CHARGED FOR 24HRS BEFORE INITIAL USE

DO NOT INSTAL DEVICE IN ENGINE COMPARMENT

What comes in the box?

1. Your tracking device (see models below)

2. The power cable for wiring your tracking device into vehicle

ATp (4769)

Wiring Diagram/Installation Instructions

BATTERY MUST BE CHARGED FOR 24HRS BEFORE INITIAL USE

DO NOT INSTAL DEVICE IN ENGINE COMPARMENT

← Two ends of
ATp power
cable →

IMPORTANT!!!
THE BLUE, YELLOW, GREEN, BROWN
AND ORANGE WIRES ARE NOT USED FOR
YOUR INSTALL SO DISREGARD THESE
WIRES.
TAPE THEM OFF, CUT THEM OR LEAVE
THEM HANGING IT'S UP TO YOU.

Black wire goes to ground source
(Find a ground wire, ground to chassis or to negative
battery terminal)

White wire goes to ignition source (**IMPORTANT!! See
NOTE below**)

Red wire goes to constant 12V source
(Find a 12V constant wire or wire it to the positive
terminal of
your battery)

Plug in here

**Once wired, push wake-up button and
hold until you see the LEDs light up
then release.**

ATp tracking device

NOTE: There are a variety of wires inside any given vehicle that may simulate an ignition wire. Examples being remote wires for car stereos or accessory wires for various accessories. THESE ARE NOT IGNITION WIRES. If you do not wire to a true ignition wire, the device will not report properly. It will report false ignitions which will also subsequently make other things like trips and stops report incorrectly as well.

*******BATTERY MUST BE CHARGED FOR 24HRS BEFORE INITIAL USE*******

IMPORTANT!!! PLEASE READ IF VEHICLE OR ASSET DOES NOT HAVE AN IGNITION WIRE
IF YOU ARE INSTALLING THIS DEVICE IN A VEHICLE OR ASSET THAT HAS AN IGNITION WIRE, WIRE AS SHOWN ABOVE.

IF YOUR VEHICLE OR ASSET DOES NOT HAVE AN IGNITION WIRE, FOR EXAMPLE ON A TRAILER, YOU CAN TWIST THE RED AND WHITE WIRES TOGETHER AND WIRE THEM TO A 12V CONSTANT SOURCE WHICH ON TRAILERS IS USUALLY FOUND IN ABS CONNECTOR. THESE COME IN VARIOUS PINOUTS SO CONTACT YOUR MANUFACTURER FOR WIRING DIAGRAM FOR YOUR TRAILERS ABS CONNECTOR.
