

CHILDREN APPEAL FOR PEACE

Russia's attack on Ukraine has had a devastating impact on the lives of the Ukrainians, especially the innocent children who do not comprehend why all this is happening and why they have to flee their country. To show solidarity to the children of Ukraine, Junior Lens participated in the Global Art Outreach initiative by Global Youth and News Media organisation. Our young readers sent messages of support and hope to the children of Ukraine through their art. Flip to Page 14 to see the drawings.

Junior Lens is honoured to be a part of the global campaign to support Ukrainian children. We are proud of our young readers who sent in messages of love and hope for youngsters affected by the war. Dr. Aralynn McMane, founding director of Global Youth & News Media, a France-based nonprofit says **"I want to most heartfully thank Junior Lens readers for taking the time to so beautifully express their support for other children so far away who are facing such hardship. You are in good company, joining children in Latin America, France, Austria, Canada, Finland, the USA and the United Kingdom in this project"**.
